Sheena,

Here is the HRS report; let me know if you would like the full report with all the references, or maybe just specific references? FYI, the entire report is somewhere around 400 mb.

Thanks,

Gary:

Do you have copies of the San Jacinto Waste Pits Screening Site Assessment or Hazard Ranking System (HRS) Report? The Screening Site Assessment is referenced in some of the documents dated 2006. I have not seen a date for the HRS report, but I assume one was completed for the site.

Thanks,
